Dear Sir or Madam,

**City of Quinte West, Municipal Marina Project**  
**Notification of Environmental Assessment Approval**

The City of Quinte West has received Notice from the Minister of the Environment, that the Environmental Assessment undertaken to support the development of a Municipal Boating Marina at the mouth of the Trent River, has been approved. The Environmental Assessment was submitted to the Ministry of the Environment in June 2013, following a full public and agency consultation process.

The full *Notice of Approval to Proceed with the Undertaking* can be viewed at [www.quintewest.ca/ Council Highlights / Municipal Marina](http://www.quintewest.ca/Council_Highlights/Municipal_Marina), or can be made available by contacting the undersigned. The full *Notice of Approval* contains the ongoing commitments and monitoring requirements made by the City in implementing this project in accordance with the Environmental Assessment Act.

It is the City's intent to proceed with the project design process immediately. Once design work is complete, required permit applications will be submitted for approval, prior to construction tendering. A construction start in July 2014 is currently being targeted for this project. The City of Quinte West website, at the above link will be kept up to date with project and design information, as the process moves forward.

Questions regarding the approval, or the project implementation can be directed to myself Brian Jardine at [brianj@quintewest.ca](mailto:brianj@quintewest.ca), or by phone at the above number.

Sincerely,  
Brian Jardine, MSc. MCIP.RPP.  
Director of Planning and Development Services, City of Quinte West
