

“No Spraying” Sign Specifications

Signs must be made to the following specifications.

Please place signs in the ditch at the start and finish of your property boundary, located approximately 3 feet from the edge of the gravel shoulder. The signs should be located so that they can be clearly seen from the roadway.

Signs must be 18 “x 24 “in size

White background with approximate 6” high black lettering

“NO SPRAYING” is the only information to be on the front of the sign

Signs must be weather resistant

Back of sign should have landowner name
